The Christmas Snowman.

How to make a snowman in 3D at home using paper.

link: https://www.youtube.com/watch?v=ULjHv8b3DC0

Materials –

- White, orange & black card paper
- Ruler
- Scissors
- Black marker
- Felt pens

Instructions

- 1. Cut 4 white paper strips of 30cm each

- 2. Using paper glue, stick the paper strips as below.

- 3. Join and glue the ends of each strip as below.

- 4. Make a ball out of the strips as seen.

- 5. Draw, cut and stick two feet under the paper ball.

- 6. Add and stick to arms on top of the paper ball.

- 7. Make a 2nd ball with 4 paper strips of 20cm each

- 8.Add a nose , two eyes and a hat. Then stick the two ball together.

- 9.The snowman is ready.
